Description :

Prsentation de l'diteurBULLSH*T FREE x3: Kindle Discount Pack.3 Bestsellers for the price of 2.Learn the building blocks of the most important option income trades - iron condors and butterflies as well gaining a detailed understanding of option volatility.BUTTERFLY SPREADS* This book has 19 5-star ratings and 5 4-star ratings on .* Learn some hard core strategies surrounding butterfly spreads* The 2 different ways to

execute trades in your broker account and the advantages and disadvantages of each (you NEED to understand this to successfully take advantage of Butterfly Spreads). * Where to set your profit targets and stop loss levels -- vitally important to mitigate your risk. * How adjusting your strikes widths can increase your return or decrease risk (this is how the pros work Butterflies, and you'll see why). * Why understanding the importance of standard can save you from disaster. Trust me, this one is super important unless you don't mind financial calamity once in a while. * 2 methods for legging in to increase profit potential (this takes the Butterfly strategy to the next level). * Easy to follow entry and exit signals to take the guesswork out of your trading (amateurs guess; pros don't -- I'll show you the difference). * How to adjust winning and losing trades -- it sounds simple, but if you get this wrong, the whole strategy can fall apart. * How to turn a Butterfly into a Broken Wing Butterfly to increase profit potential. * 7 dynamic and unusual variations of the Butterfly (there are upsides and downsides to each one, and I'll show you exactly what they are). * How to use Butterflies as part of a combination trade or to hedge other option trades (in other words, mitigate your risk and increase your profit potential). * Specific rules for trading bearish Butterflies, Broken Wing Butterflies and Weekly Double Butterflies (this can get complex, so strap in! Suggested for experienced traders only; or those who wish to become one). IRON CONDORS In the book you'll discover: * 6 little-known techniques for adjusting trades that go bad (most experienced traders don't even know these) * How to create a trading journal and trading log, and why it's CRUCIAL that you do. (Note: the book includes downloadable examples you can use yourself.) * The 3 ways the world's top Iron Condor traders manage risk, including detailed examples so you can trade like the big boys. * How to save yourself thousands of dollars when entering live trades (this information is closely guarded by many trading gurus). * Which option broker is the best for trading Iron Condors. (This is one of the most important decisions you'll make, so choose wisely.) * How to set up a trading plan that actually works. (We include a sample trading plan to get you started.) * Why weekly options are not as amazing as they sound (and are, in fact, often a HUGE mistake). * How to incorporate volatility into your trading. (You will come to LOVE huge volatility moves after reading this!) * How to eliminate the risk of early assignment. * How to avoid being caught with your pants down on settlement day. (Make this mistake and you can kiss your profits goodbye.)

OPTION VOLATILITY In this book you will learn: * A complete history of stock market volatility * Why volatility is the most important aspect of option trading * How to use high and low volatility to your advantage * Complex topics broken down into layman terms I hope you enjoy this Kindle Discount Pack of these 3 bestselling books
